Area, Ethnic, and Subject Indices to the EARIC Information Circular No. 1, "Sources for the Study of East African Cultures and Development".

East African Academy & Research Information Center, Nariobi (Kenya).

Pub Date Jul 69

Note-27p.

Available from-The Secretary-General, East African Academy, P.O. Box 30756, Nairobi, Kenya.

EDRS Price MF-$0.25 HC Not Available from EDRS.

Descriptors-*African Culture, Cultural Centers, Economic Development, *Ethnic Studies, *Indexes (Locaters), *Reference Materials, *Resource Guides, Social Sciences

Identifiers-*East Africa, Kenya, Tanzania, Uganda

These indices have been prepared in response to the readers of the first EARIC Information Circular: "Sources for the Study of East African Cultures and Development: A Bibliography of Social Scientific Bibliographies, Abstracts, Reference Works, Catalogues, Directories, Writings on Archives, Bibliographies, Abstracts, Reference Libraries and Museums, With Special Reference to Kenya, Tanzania and Uganda 1946-1966 (1967-1968)." (See ED 029 295.) This 26-page listing consists of notes to the user, a list of abbreviations, the area and ethnic index, and the subject index. All communications concerning these publications should be addressed to the Secretary-General of the East African Academy (rather than to the East African Research Information Centre, which is no longer autonomous but has become part of the Academy, under the name Research Information Centre). A. Notes for the User

I. The New Institutional Form

On 1st June 1969 the East African Research Information Centre (EARIC) ceased to exist as an autonomous unit and became a part of the East African Academy under the name Research Information Centre. The new agreement between the East African Academy and the financing body, the Ford Foundation, that has been signed on 31st May, 1969, states the same basic objective as formerly for EARIC. This objective is "the collection, collation, compilation and dissemination of information on past and current research in the social sciences with special reference to East Africa".

The location of our premises (Olympic House, 3rd floor, Koinange Street), our telephone (21830) as well as our mailing address (P.O. Box 30756) remain for the time being unchanged. All communications, however, should be addressed from now on to the Secretary-General of the East African Academy (The Secretary-General, P.O.Box 30756,Nairobi, Kenya) and no longer to the Director of EARIC. The Central Office of the East African Academy is located at the East African Community Building (telephone 22976). The mailing address of the Academy itself is P.O.Box 7288, Nairobi, Kenya (Telegrams "Ujuzi" Nairobi). This address should be used for matters concerning the Academy, but not those concerning the Research Information Centre.

The position of Secretary-General of the East African Academy is held by Professor Dr. Joseph M. Mungai, Head of the Department of Human Anatomy and Dean of the Faculty of Medicine of the University College, Nairobi. Though the post of an EARIC Director as such has been abolished as from 1st June 1969, Dr. Angela Molnos has been appointed under technical assistance and assigned as a Ford Foundation project specialist to develop further the Centre during the period June 1969 to May 1970.

II. The Information Circulars

It is intended to continue the Information Circulars in the same form, but no longer under the name EARIC. Reprint copies of no. 1 (Sources for the Study of East African Cultures and Development) and no. 2 (Language Problems in Africa) are again available. The next two Information Circulars will deal with African Socialism and Development Planning respectively. An up to date supplement to no.1 is also under preparation.

Our mailing list is exclusively based on the returns of the forms attached to each Circular. These filled-in questionnaires are one of our principal sources of information. The answers help us to collect current information on research, development and other activities (cf. question nos.3,4 and the introduction to the questionnaire), to establish our priorities (question no.7), to improve our work (no.5), to contact new potential users (no.6) and finally to keep our mailing list perfectly up to date (nos.1,2,8), ruling out those who stop answering our questions. Therefore, if you are interested in receiving further Information Circulars, please fill in and return to us the attached sheet.

III. The Present Indices

The following indices to the first EARIC Information Circular have been prepared upon the users' explicit request. The vast majority of the users filled in question no.5 of the form attached to the first EARIC Information Circular by writing some positive, up to overwhelmingly flattering, remarks. There were virtually no negative comments. A number of users, however, found it time-consuming to consult 796 titles arranged alphabetically according to authors and regretted the lack of some other, more time-saving device. The following indices are intended to eliminate this inconvenience. The compiler looks forward to receiving the users' constructive criticisms of this new effort (cf. question no.5 of the attached form).

B. Principal Abbreviations Used in the Indices

WHO	World Health Organization (Geneva)

C. Area and Ethnic Index

Only entries covering specific parts of Africa and/or single ethnic groups within East Africa are listed in this index. The Information Circular contains approximately 300 entries covering Africa as a whole and about further 130 entries referring to wider areas (e.g. developing countries) or not having any geographical limitation. These entries are not listed in the following index.
